## ■ Recommendations

1. **Immediate Outreach:** Contact the 55 high-risk customers immediately with personalized retention offers.
2. **Review Pricing:** High churn rate suggests pricing or value perception issues. Consider promotional discounts.

3. **Engagement Campaign:** Launch a re-engagement campaign targeting moderate-risk customers to prevent escalation.
4. **Monitor Login Activity:** Track login frequency as it's a strong predictor of churn.
5. **Payment Support:** Offer flexible payment options to customers with payment failures.
6. **Customer Success:** Assign dedicated support to high-value, high-risk customers.
